WHARF AND WAVE.

DIAMOND HEAD SIGNAL STATION, Jan. 18, 10 p. m.—The weather is clear; wind, fresh; northeast.

The new I. I. S. N. Co's steamer Nocu was registered at the Custom House yesterday. Her tonnage is given as 221.18.

There are 10 large sugar ships on their way to Honolulu at the present time. They make 15 around-the-Horn vessels for the season.

San Francisco advices are to the effect that the P. M. S. S. Coptic made a six-days' run from Honolulu, arriving there on the 7th inst.

The second new steamer to be built by the Wilder S. S. Co. will be the largest and swiftest vessel in the inter-island trade. Besides making a four days' round trip to Hilo, she will carry 15,000 bags of sugar.

Captain A. C. Sherman will take command of the steam whaler Orca next season in the Arctic Ocean, but will not winter. Captain James Tilton is to take the Narwhal and will winter. Captain Bodfish the Beluga and will winter. Captain Williams the Balena to winter, while Captain McGregor is to command the Karluk and Captain Whiteside the Navarch, the last two named, it is stated, not to winter.

A final rearrangement of the captains in the service of the I. I. S. N. Co. was made yesterday morning. Captain Parker of the Ke Au Hou took the Waialeale, Captain Gregory of the Waialeale goes to the Iwalei, Captain Thompson of the Kaala takes the Ke Au Hou and Mate Moshier of the Kaala takes command of his vessel. Captain Smythe of the Iwalei has been assigned to shore duty under Captain Campbell. These changes are permanent.

The steamer Zealandia, which takes the place of the Mariposa for one trip to Sydney, is taking in an unusually large cargo, says the San Francisco Examiner of January 5th. Among it will be a lot of machinery for the Coolgardie gold mines in Australia. The Zealandia has just undergone an extensive overhauling, and it is thought that she will be run as an extra boat on the Honolulu and Sydney routes whenever the business between the ports will warrant it.

The R. M. S. Mowera, Charles W. Hay, commander, arrived at 10 p. m. last night from Vancouver and Victoria. She left Vancouver January 9th, at 10:30 a. m. Owing to bad weather, coal lights could not get to Vancouver, necessitating the ship having to coal at Camax. The Mowera left Victoria at 5:30 a. m. January 11th; had a clear run down the Straits of Juan de Fuca, which were cleared at 10:20 a. m. same day. Experienced fine weather the whole of the trip down, taking up the northeast trades at noon on the 17th.
